

# Doston Otkurov

Frontend Developer | Passionate about Building User-Friendly

I'm Doston, a 21-year-old Frontend Developer from Uzbekistan. I am passionate about creating intuitive and dynamic user experiences through responsive web design. With a strong focus on frontend technologies, I enjoy solving challenges and building solutions that deliver seamless and engaging web applications. I'm always eager to learn and grow in the ever-evolving field of web development.

## WORK EXPERIENCE

### E-commerce Manager

4car.kz – Интернет-магазин шин и дисков

12/2022 - 12/2023

Uzbekistan, Tashkent

4car.kz is a leading online store specializing in tires and wheels.

Achievements/Tasks

- Optimized the online store interface, increasing customer satisfaction by 25%.
- Introduced personalized discounts for registered clients, resulting in a 15% boost in customer retention.
- Spearheaded the implementation of a product selection tool, enabling users to search by vehicle model or dimensions.
- Coordinated logistics for **free delivery in Almaty** and streamlined courier services for other regions in Kazakhstan.
- Analyzed sales trends and customer feedback to implement data-driven improvements.

### Software Engineer

Oryx.kz

12/2023 - 05/2024

Uzbekistan, Tashkent

Oryx.kz specializes in delivering packages from the USA to Kazakhstan.

Achievements/Tasks

- Contributed to enhancing Oryx.kz's platform that simplifies cross-border shopping by providing fast, secure, and efficient delivery from American online stores to Kazakhstan.
- Supported the development and optimization of the user-friendly tracking system, improving customer experience in order management.
- Ensured seamless operation of the logistics network, focusing on reliability and customer satisfaction.
- Collaborated with teams to ensure efficient and timely delivery of packages, improving customer retention and company growth.
